THE FISHBAY D. SPITE BETWEEN THE UNITED STATES

And England - The Nationalists' Chiefs Have a Monkey and Parrot Time in Ireland.

LONDON, November 29.—At the British Foreign Office doubts are entertained whether President Cleveland will be in a position to announce in his coming message to the United States the fisheries dispute. No progress is being made toward a settlement. Lord Salisbury is absorbed in the Eastern question, and has completely neglected the Ministerial negotiations with the United States. The attitude of the Dominion Government is not favorable to a settlement. The extradition treaty has been definitely settled upon by the terms of the convention drafted by Minister Phelps and Lord Rosebery. The reports that amendments have been made by Canada are incorrect.

Mr. Gladstone declines every request to speak until Parliament re-assembles. He has sent letters to several of his late colleagues stating his programme for the coming session. He approves an immediate challenge to the government to state its Irish policy in the debate upon the address, although he expects the Unionists will maintain their adherence to the government. Afterward he will assist in an effective settlement of the procedure question.

IRELAND.

Nationalists Dispersed by the Police.

DUBLIN, November 28.—The Nationalist chiefs held a private meeting in the Town Hall today and discussed their future course of action. Mr. O'Brien and Mr. Kelly, members of Parliament, went to Riverstown to address a meeting. A platform was erected and the chapel bell was tolled. Mr. O'Brien made a speech in which he denounced the government and declared that the Irish would be able to overcome the unworthy schemes for repressing opinion. The police threatened to arrest him, but he defied them and was not arrested. Mr. O'Brien then went to Ballykote, where a priest advised him not to talk. He persisted, however, and the meeting was dispersed by the police. The excitement is intense. The streets are guarded by police and cavalry. Commoner Tanner commenced a speech in a field near town, when a body of police appeared and dispersed the meeting with bayonets. There was no riot. The meeting at Tully, County Mayo, approved a plan for the coming campaign. Mr. John Deasy, member of Parliament for West Mayo, addressed the meeting. He said that if Dillon and O'Brien were imprisoned the Irish people would not be without friends. The landlords were entitled to four or five years' purchase.

Mr. Thomas Mayne, member for Tipperary, defended boycotting.

A government reporter, guarded by constables, was present and noted the proceedings of the meeting. Commoners Maurice, Healey, Hooper, Lane, Fox and O'Hea spoke at a meeting at Killybeg. They all declared the government could not terrify them.

Moonlighters Arrested, Receive an Ovation Along the Route.

DUBLIN, November 29.—Fifty prisoners charged with being implicated in "moonlighting" in Kerry and Clare arrived at Cork, escorted by a large force of police. They will be tried at the Munster Assizes. Upon their arrival at the railway station in Cork the alleged moonlighters received an ovation from the great crowd that had assembled there. Commoner O'Connor called for cheers for the prisoners, and they were given with a will. O'Connor Redmond, speaking in Dublin tonight, said that if one half of Dillon or O'Brien's head was injured the Irish people would know how to avenge themselves for the outrage.

ENGLAND.

The "Standard" Opposes Waste of

LONDON, November 29.—The Standard opposes the early summoning of Parliament for the purpose of discussing changes in the rule of procedure. It says the discussion would occupy almost the whole of the session, and declares that there are many measures awaiting action which demand precedence and against which no obstruction is likely to be practiced. "Under the circumstances," the Standard says, "to call Parliament any earlier than usual and appropriate the private members' bill to the beginning of the session would be an act of unprecedented rigor and of more than doubtful generalship."

ITALY.

A Catholic University.

ROME, November 29.—The Pope has divided the diocese of Avignon, in the State of Illinois, forming the southern part into a new diocese, with the See at Belleville.

The Bishops of Richmond and St. Paul have submitted to the Pope a scheme to divide the diocese of Avignon in America. It is proposed that this university shall have at first only a theological faculty, and that other faculties shall be added later on.

Father Dawling has been appointed Bishop of P-t-roug, Ont.

Italy's Sympathy for Alexander.

ROME, November 29.—In the Chamber of Deputies yesterday Count di Robolante, Minister of Foreign Affairs, referring to the election of a Prince of Bulgaria, said that Italy would adhere to the Berlin treaty. His relations with Germany and Austria were most intimate. The government's desire was to maintain and develop a frank friendship. Italy wished to follow the peace policy of these powers. Applause. Continuing, the Minister said that the whole civilized world admired the gallantry of Prince Alexander, who deserved a better fate. Italy's attitude toward present events was one of vigilance.

The Tonquin Credit.

PARIS, November 29.—In the debate in the Chamber of Deputies today on the Tonquin credit Prime Minister de Freycinet appealed to the patriotism of the members, asking them to give a unanimous vote in order to show foreigners that the French settlement in Tonquin had a solid foundation. The total credit was voted—278 against 94. The Tonquin credit was also passed.

BELGIUM.

An Exciting Fight Between a Woman and a Lion.

BRUSSELS, November 29.—An exciting scene occurred today in a menagerie at Verrier. Mme. Soulet, a lion tamer, entered the cage of the lion Brutus in the absence of the keeper, accompanied by a man named Grenier. No sooner had they entered than the lion sprang savagely upon

Grenier. Mme. Soulet ran to his assistance, and in the struggle that followed her face was terribly lacerated. An attendant courageously seized the lion, affording the woman's husband an opportunity to save her. A life and death struggle ensued between the lion and the attendant until another man tackled the brute with a pitchfork and drove him off. The three persons attacked were all badly injured.

AUSTRIA.

Alexander's Successor Requires the Sanction of the Powers.

VIENNA, November 29.—In the Austrian delegation today, Count Zichy asked what position Austria occupied with regard to Russia's proposal that Prince Nicholas, of Mingrelia, be elected to the Bulgarian throne as the successor of Prince Alexander.

Herr Stagenyrr, Secretary to the Imperial Foreign Department, replied that Count Kaloky, Foreign Minister, had acknowledged that such a proposal had been made by Russia, and added that it should be made it would require the sanction of the other powers before it could be carried into effect.

GERMANY.

Emperor William's Wishes.

BERLIN, November 29.—Emperor William, in receiving today the President and Vice Presidents of the Reichstag, referred to the work now before the members as of the first importance to the Empire. He hoped the military bill would be passed willingly. Other Parliamentarians showed themselves disposed to meet the demands for army expenditures and Germany had to consider that she is already outstripped by neighboring States. He concluded by expressing his belief that peace would be maintained.

THROUGH THE RAPIDS.

Miss Sadie Allen Accompanies Hazlett in a Fool's Trip.

NIAGARA FALLS, N. Y., November 29.—George Hazlett and Miss Sadie Allen, of Buffalo, went through the rapids and the whirlpool this afternoon in the torpedo shaped barrel used by Hazlett and Potts last summer. They were in the rapids and whirlpool five minutes, and were taken out of the city on the Canadian side just below the whirlpool three quarters of an hour later in good condition. Miss Allen is a respectable girl 18 years old, a petite brunette, and rather pretty. The start was made from the Maid of the Mist, landing on the Canadian side. When the barrel reached the main rapids it shot right into the center of the pool, making two or three turns. Leaving the pool, the barrel followed the current out toward the Canadian shore and down to the outer pool, where it got into a large eddy and bobbed around for half an hour. Hazlett and Miss Allen had a mile and a half through brush and over boulders before reaching the top of the precipice. Miss Allen, when she appeared at the ferry ready to enter upon the perilous journey, wore a neat walking dress. Taking off her hat and jacket, and throwing away over her head, she stepped lightly into the barrel through the manhole, tucking her garments closely around her, and laughingly remarking, "Come, George, jump in. I'm all fixed." Soon after Hazlett stepped into the craft, fastening himself in the barrel, and the two disappeared in the eddy. Just thirty minutes from the time the barrel was towed out into the river it reached the whirlpool. Miss Allen and Hazlett returned to Buffalo this evening.

THE FARMER'S REVIEW

Crop Summary for the Middle States.

CHICAGO, ILL., November 28.—The following crop summary will appear in this week's issue of the Farmer's Review: The report from the winter wheat sections were uniformly favorable up to the close of the week as to the prospect for the fall sown grain, and the reports from the corn and soybean sections were also favorable for a number of years. In Illinois, Ohio, Indiana and Missouri the reports are that the grain is looking unusually good. In Michigan, Wisconsin and Kansas the reports are not so favorable; none of the correspondents report a crop of the winter wheat other than promising. The plan is reported as vigorous, and with an average snow protection the general crop promises to go into the winter in unusually good shape. Out of 149 principal winter wheat counties in the States named 103 report an average or increased acreage as compared with 1885, and 46 report a decreased acreage. Illinois and Kansas indicate the largest decrease. In Ohio only 3 counties out of 29 show a decrease, and only 4 in Indiana out of 19 counties reporting. In Illinois 1 out of 32 report a decrease, and in Kansas 10 counties out of 21 report a decrease.

A Foolish and Stubborn Belief

In the efficacy of certain remedies of violent action, is the besetting folly of the ignorant and prejudiced. The indiscriminate use of narcotics is a very common phase of the folly of such people. Alcohol, opium, and other drugs, used in excess, are held by them as a panacea for all ills, and they are invariably aggravated by an indiscriminate use of medicines, official or popular, belonging to the class which we have condemned. Fever and ague, nervousness, rheumatism and inactivity of the kidneys, lead to the bitter.

The Dutch Fire Causes an Ad-

CHICAGO, ILL., November 29.—The advance in wheat here this morning is largely attributed to the big fire at Duin Saturday, which burned up two big elevators and 700,000 bushels of wheat. The fire seemed to please everybody this morning, an indication that a majority of the Chicago speculators are "long" on wheat and happy to get rid of any sort to advance the price. The burning up of the wheat apparently afforded more satisfaction than is export would, for in the latter part of the week the market have filled a hole that under the present circumstances must still exist. The bulls did not waste any sympathy on the insurance companies, nor any on the elevator proprietors. They were a little anxious, however, to know whether the 700,000 bushels of wheat that went up in flames and smoke Saturday night would disappear from the "visible," or whether some sort of red tape would keep the stuff still in the 60,000,000 supply to barter the believers in higher prices another seven days.

HE WANTED TO DIE SO BAD

THAT HE LEAPED FROM THE BROOKLYN BRIDGE

Into the River Without Accomplishing His Self Destruction—The Way Anarchists Kill.

NEW YORK, November 29.—A brewery wagon started from the New York entrance at 1:40 o'clock p.m. to go over the bridge to Brooklyn. After the wagon passed the New York order bridge policeman noticed something resembling a bundle of coats in the end of the wagon. This bundle assumed an upright position and turned out to be a man. The man jumped lightly from the vehicle to the roadway, mounted the iron girder that encloses it, and, without hesitating a moment, leaped off. He shot straight down into the river. Officer Ashore was the only one who had seen the man leap. He rushed into the roadway and ordered the driver to stop. The driver was surprised at the order, and demanded an explanation. On being informed, it was evident from his astonishment that he was ignorant of the matter. He was allowed to proceed. The name of the man who made the leap is William Kutz. An eye witness, who was on the Dwyer street pier, said to a reporter: "I was looking up at the bridge and saw a man get over the railing next to a lamp post, outside the New York tower. He clung to the rail a moment and then let go. He turned two somersaults in the air and fell on his back in the water. He disappeared at once. The water seemed to suck him in and the spray splashed up several feet in the air."

Policeman James O'Neill, of the Bridge squad, arrived a few minutes later. He took the tug Columbia out to pick up Kutz. The Captain of a lighter steamer went out and picked up Kutz before the tug arrived. The jumper was under the water about five minutes. When picked up he was frothing at the mouth and was too exhausted to speak. His face had a yellow look and his eyes were glassy and vacant in expression. At the station he was able to talk. He told the officer in charge that he wanted to commit suicide. He complained of a pain in his head and side, and began to rave. He was taken from the station to the Chambers Street Hospital, where he was found to be suffering from the shock of the concussion. It is thought that he will recover. When asked his reason for the jump he replied: "I wish I was dead."

An Anarchist's Dreadful Deed.

READING, PA., November 29.—An investigation today of the house of Frank Kerner, who choked his wife to death and then set the building on fire to destroy the evidence of his crimes, shows that he had also made preparations to blow himself up with a few sticks of dynamite. He intended was evidently to blow himself up and the entire family because, as he says, God had commanded him to do it. Kerner's confession details how he strangled his wife, then dragged her upstairs to the attic, poured coal oil over it and set it on fire. He is an anarchist in his ideas.

Mysterious Fire Burned.

LOUISVILLE, KY., November 28.—A special agent: Granville Brown, aged 14, living near Mt. Vernon, Ky., was sent on an errand by his aunt. A few minutes after he had left the house she heard him screaming from the barn. She rushed out and saw the barn in flames, but found the barn door locked. It was impossible to rescue her nephew. The fire had fallen on his body it was recovered, burned horribly, and part of his arms and legs were burned off. It is not known how the boy came in to the barn, and the community is troubled over the mystery.

The Complications of Reed's Em-

BOSTON, MASS., November 29.—Among the complications which are constantly brought to light by the experts in the accounts of the South Boston Horse Railroad Company it has been discovered that some of the certificates of stock have been retained under the same numbers to second parties. When, on a transfer of stock, a certificate of stock is delivered to the company for cancellation they would paste it on the stub from which it had been originally cut and would subsequently raise it, the holder having no reason to suppose that a duplicate of that number was already in the hands of the company. The certificates of stock issued have been found. The experts will have to trace every certificate issued since the beginning of Reed's administration. This will be a work of weeks, and until it is finished the stockholders cannot ascertain the actual condition of the company.

The Poe Family Murder.

LOUISVILLE, KY., November 29.—A special agent: Five acres have been made for complicity in the murder of the Poe family in Knox county. There is no longer any doubt that the eight persons were murdered. Mr. B. M. Mitchell, brother of Mrs. Poe, admits such to have been the case, and says that the perpetrators will soon be arrested. The husband is insane, and not capable of attending to the matter himself. The people of Knox county have taken the affair in hand and are vigorously investigating every clue.

A Young Woman Kills an Elder One.

FARMINGTON, Vt., November 28.—A tragic affair occurred last night in this city resulting in the fatal burning of Susan Sprick, aged 60 years. She and Mary Sprigg, aged 20 years, occupied the same house. Before retiring the woman quarreled over some trifling matter with the younger woman, threw a lighted kerosene lamp at the elder, striking her in the face. The lamp exploded and Susan was almost roasted alive. Mary Sprigg was arrested and denies having thrown the lamp.

Tarred and Feathered.

DETROIT, MICH., November 28.—A Tribune special from Corunna, Mich., says: A midnight Saturday night a mob of twelve masked men broke into the house of Charles Pringle, dragged out a boarder named Coleman, tarred and feathered him and escorted him from town with instructions to leave immediately. He has disappeared. It is alleged he was too familiar with Pringle's wife, and has long been an offensive character in the neighborhood. The reformers are unknown.
